Vindictus is an action-MMORPG game. The game originally hails from Korea, where it is known as Mabinogi: Heroes, it is developed by the Valve engine source and has a fast-paced battle, tissue physics, and ability to arm objects in the environment. History: The earth is deserted, and people cower together in makeshift settlements away from the beasts that roam freely, waiting for Legend: Erinn's promised paradise. As the title says, we (Windictus) are up to RISE Vindictus private server running on an EU (XE) client before the EU was scrapped Nexon. We currently have all the content up to S3 Eochaid, with all classes before (and including) Delia.Discord: Windictus strives to provide a competitive, fair and fun environment that focuses on enhancing all the good features of pre-RISE Vindictus while reducing the RNG and P2W aspects of the game that Nexon has introduced over time. Windictus first opened our doors at the end of July, and since then the server owner has worked tirelessly to recognize player feedback and incorporate players' suggestions into the server. Our goal is to make Windictus home to all of you Vindictus players looking for the best Vindictus experience. Right now, we have our first Ultimate Objective event, in addition to the increased EXP/AP rates for Christmas, so get on board! This is the perfect time to join the yes!Installing Windictus simple, follow this short guide here www.windictus.net and you'll play :) Some notable major features of Windictus include ...
